

Download Bomb Squad Law Enforcement Agencies

Explosives Enforcement The Bureau of Alcohol, Tobacco, Firearms and Explosives (ATF) is the Federal agency primarily responsible for administering and enforcing the criminal and regulatory provisions of the Federal laws pertaining to destructive devices (bombs), explosives, and arson. Law enforcement officials have a special response for this unique form of violence. Bomb Squad details the history and evolution of that response, the techniques used to locate and disarm explosives, and the risks involved for officers who face death every time they respond to a bomb threat. The Bomb Squad is a member of the Big Bend Regional Bomb Squad, which is comprised of members from four agencies: Leon County Sheriff's Office, Florida Department of Law Enforcement / Division of Capital Police, Florida Bureau of Fire and Arson Investigation and the Tallahassee Police Department. Finally, Techs also conduct outreach, teaching every kind of group from small children through private businesses all the way to other law enforcement agencies how to identify and avoid bombs.
