As we mentioned in our review, the Sharp R959SLMAA is a beast of a microwave. With a huge 40 litre capacity (which is the largest we've seen for a domestic model), powerful grill and convection oven, and a variety of automatic cook menus, this is a true oven replacement. Another excellent compact microwave is the Russell Hobbs RHM1714B. It's slightly larger than the Daewoo QT1 and can only fit a 24.5cm diameter plate, but comes with a range of advance options not found on manual models.. There's no doubt Russell Hobbs has produced a stylish microwave. With a classy black design and curved handle, it'll fit nicely into any modern kitchen.
