

# Download Fresenius Level 1 Training Manual

For over 30 years, the Fresenius Renal Technologies team have partnered with our customers to deliver the highest quality product support documentation. There are 2 types of peritoneal dialysis (PD): continuous ambulatory peritoneal dialysis (CAPD) and automated peritoneal dialysis (APD). Both types of PD have slightly different advantages, so it really comes down to your personal preference and schedule along with your nephrologist's recommendation. Medical Professionalism in the Age of Social Media. Learn about the legal and ethical boundaries in the patient/provider relationship. These boundaries are applied to various social media platforms with recommendations on how best to maintain your personal freedoms and professionalism with internal and external patients. Learn to control and manage your emotions in any situation with our 1-day Emotional Intelligence (EQ) training courses delivered in Brisbane, Sydney, Parramatta, Melbourne, Canberra, Adelaide and Perth by EQ training specialists.
