We've been receiving a number of support calls with the same questions, and we'll use this blog post to answer some of the more frequent. Doing this will allow us to go into a bit more depth than time allows when answering your e-mails. This post is now DEPRECATED! Please visit our Wiki instead. There are a lot of posts in this blog that describe the state of U-Boot for our i.MX6 boards, but most of them describe the history.
