From the collective wisdom of more than two dozen experts, Southeast Psych's Guide for Imperfect Parents is full of practical advice for parents of kids at all ages and stages. Beginning with the Purposeful Parenting Model developed by Mary B. Moore "The appeal of Southeast Psych's Guide for Imperfect Parents is that it draws from a group of psychologists and their collective access to research and experiences that inform strong, empathetic, and happy parenting. But mostly, I was relieved and bolstered by the honest, flawed family moments these professionals shared."
