

Download Technical Guidance Manual For Sustainable Neighborhoods

The iSWM™ Program for Construction and Development is a cooperative initiative that assists cities and counties to achieve their goals of water quality protection, streambank protection, and flood mitigation, while also helping communities meet their construction and post-construction obligations under state stormwater permits. Our technical staff are multi-cultural, dynamic individuals with deep roots and experience in the countries and communities where we work, and as a result have a strong desire to see our partnerships succeed. Fayette County Community Action, Inc. (FCCAA) is a non-profit 501 (c)(3) organization founded in 1966 as a community-based, multi-serviced agency with the mission to strengthen individuals and families to become more self-sufficient, achieving their potential by taking advantage of opportunities, improving the conditions in which they live, and taking ownership of their community. The January 2016 City of Tacoma (City) Right-of-Way Design Manual (Design Manual) has been updated with a July 2016 Errata version and can be found via the link below.
